Dear Sir:

REMARKS

Firstly, Applicant wishes to thank the Examiner for his patience and assistance with this above referenced application. Thank you.

Applicant believes the Examiner has correctly determined there is no Double Patenting between Applicant's prior issued Patent 6,102,802 and the instant application S.N. 09/148,806, nevertheless, to ensure the fullest possible compliance with any and all possible Rules, Applicant herein submits a Terminal Disclaimer and fee for the instant Application.

To recount Applicant's every effort to address this issue:

Applicant included an Information Disclosure Statement with the instant Application filing on Sept. 4, 1998. Applicant sent another or second Information Disclosure Statement on June 17, 1999. Various prior art documents were disclosed in each of the Information Disclosure Statements.

In both the first and second Information Disclosure Statements of the instant Application, Applicant described a co-pending application of Applicant's, Serial No. 08/942,450 titled GAME CONTROLLER WITH ANALOG PRESSURE SENSOR(S). Application
